

EXAMPLE RSC Chemical Landmarks Nomination Form 2024

1. Welcome!

This document illustrates the questions that will be asked in the formal written application. Please do not complete this form. If you wish to complete a nomination, please get in touch with the team *via* email to outreach@rsc.org.

2. Applicant Details

1. Contact details for the lead person making the application, it is using these details that the RSC will communicate regarding this nomination: *

First name:	<input type="text"/>
	*
Last name:	<input type="text"/>
	*
Email:	<input type="text"/>
	*
Organisation/Institution:	<input type="text"/>
	*
Job Title:	<input type="text"/>
	*
Telephone:	<input type="text"/>
	*

2. Please select the options that best describe you. *

- I am a current RSC Member.
- I am not a current RSC Member.
- I am unsure of my RSC membership status.
- I am applying on behalf of or in collaboration with an RSC Local Section (please give details below).
- I am applying on behalf of or in collaboration with an RSC Interest Group. (please give details below).
- I am not applying on behalf of or in collaboration with any RSC Member Group

Please use this space to give details of the Member Group on behalf of which or in collaboration with whom you are making this nomination.

3. Nomination Details

The questions in this section will ask you to give details on your plaque nomination.

3. Please give the name of the team, organisation, collaboration, process, discovery, innovation, break through or individual whom you are nominating for a plaque. There will be space later in this application form to provide more information. *

4. Please select the option that best describes your association with the nomination. *

- I am nominating a group of which I am directly a member of or affiliated with.
- I am nominating the organisation/institution to which I am currently formally affiliated, *e.g.* as a member of staff or a student.
- I am nominating the organisation/institution to which have previously been formally affiliated, *e.g.* as a member of staff or a student.
- I know or have previously known the nominee either in a personal or professional capacity.
- I have (and have never had) any formal connection with the nomination.

Please use this space to give more detail.

5. Please provide clear and concise details of how your submission fulfils the criteria for this scheme. You should include the following information:

Brief details of who and/or what your submission is (you only need to provide top level detail here). The connection of the nomination to chemical sciences. The nature and magnitude of the positive impact that your nomination has had on society. How the nomination has contributed to chemistry making the world a better place. Any third party sources (e.g. link or document) that can verify the above information - there is space in the next question to attach any relevant documents. *

6. Please upload any documents or images here relevant to the previous question.

- File: `{{filename}}` [delete](#)

Choose File

7. Please select the statements that best describe the contribution of your nomination to the chemical sciences: *

- Contribution(s) from underrepresented individuals or groups.
- Contribution(s) from groups of individuals who have previously received little recognition.
- Neither of the above apply to my nomination.

Please use this space to give more detail on your answer.

4. Plaque Location

8. Where do you propose the plaque to be mounted? It may be that there is more than one potential position, please provide the following details for all potential plaque locations, and be as descriptive as possible (there will be the opportunity to upload any relevant additional information in the next question):

Full UK address (including building name if appropriate). Description of the location on the building. Accessibility of the location to the public and a description of typical public footfall past this site (exact numbers are not required). Who holds the authority to grant permission to mount a plaque (if known). Information regarding any requirement for formal planning permission. Details of any conversations that have already taken place to obtain permission to mount the plaque. NOTE: Formal permission to mount a plaque is

not required at this stage, however, an award cannot be finalised until all necessary permissions to mount the plaque have been obtained. It is recommended to have exploratory conversations surrounding permission as soon as possible. *

9. Please upload any documents or images here relevant to the previous question.

- File: `{{filename}}` [delete](#)

Choose File

5. Community Engagement

The award of an RSC Chemical Landmark is an occasion for celebration and an opportunity to engage the scientific and local communities with the subject area of the award. It is normal practice for Landmark awards, that a formal unveiling ceremony is organised - see the Further Guidance document for more information. An accompanying grant of up to £2000 to support community engagements is available to successful applicants.

In this section, questions relate to your plans to engage with local and scientific communities should your application be successful. Neither budgetary details nor firm plans are required here, indicative information is sufficient.

10. If successful, would the award of this plaque be linked to a particular event (already scheduled) or date?

Please note that the time between the notification of a successful award and an unveiling is typically 4-6 months. If you have any questions regarding this timeframe, please get in touch with the team via email to oureach@rsc.org before proceeding - you can save your progress in your application and return to it at a later time. *

- Yes - please give more information.
- No.

Please give more information about the date or event the award would be linked to, including the nature of the link.

11. How do you intend to engage with the local (non scientific) community to raise the awareness, inspire, change perceptions, raise aspirations and enthuse others about the value of chemistry in enriching the world? Please detail how you envisage these people engaging with the formal unveiling, as well as any other engagements. Please refer to the separate Further Guidance [*LINK*](#) document for more information. Full information is not required at this stage, indicative detail is sufficient. Please detail with whom you would aim to engage, the topic(s), activity(ies) and location(s). *

12. How do you intend to engage with the scientific community to celebrate the plaque award? Please detail how you envisage these people engaging with the formal unveiling, as well as any other engagements. Please refer to the separate Further Guidance document for more information. Full information is not required at this stage, indicative detail is sufficient. *

13. Tell us who your stakeholders are and what, if any, meetings or conversations have already taken place. See the Further Guidance document for more information on potential stakeholders. *

**14. Please tick this box to acknowledge that you have read, understood and accept our Terms of Use.
We need to collect and manage your personal data in order to provide this service. Our**

Privacy Statement explains how we do this.

If you have any questions regarding this information, please email outreach@rsc.org. *
