

Acknowledgements

We would like to thank all those whose contribution to environmental sciences over the years has given us inspiration and encouragement, especially S.E. Allen, J.P. Lodge Jr., R.M. Harrison, and P. Brimblecombe. We would also like to thank F.L. Wimmer, K.R. Fernando, J. Davies, S.-U. Park, and other colleagues for useful discussions and comments. Thanks also to the Russian Fund of Basic Research (grant no. 96-05-64368) for providing assistance to one of the authors.
