

XXVIITH
INTERNATIONAL
CHEMISTRY
OLYMPIAD
BEIJING, CHINA
12-21 JULY 1995

An invitation to take part in the selection of a team of four students to represent the United Kingdom at International level.

SELECTION PROCEDURES

Round One

Will be held at your school or college during the last week of February 1995. This will involve a written test and reference from your teacher. The candidate with the best performance in Round One will be awarded the Schoental Prize.

Round Two

Will be held at Keele over the weekend of 28-30 April. This will involve both a written test of 2 1/2 to 3 hours and a practical test of 3 hours.

Sample Question

S has the molecular formula C_4H_9Br . Bromination of S produces three dibromo isomers. What is the structural formula of S?
