

## Invitation to your Science 2 Business Hub consultation event

### Innovative opportunities and solutions for the personal care and cosmetics sector.

2 November 2009, 3.00pm - 7.00pm,  
Durham County Cricket Club

### Where will your business be in three years?

This event will ensure decisive action **ON THE DAY** – clearly identifying projects that can be taken forward immediately. It's not a talking shop or simply a chance to network – it's a real opportunity to give your business a competitive edge.

- Meet key supply chain decision makers linked to; funding, technology, markets and research.
- Find new global markets and technologies to help take your business forward today.
- Gain immediate access to innovative science-based solutions that will give you new products to market within three years.

Due to the dynamic nature of this event it is recommended that key decision makers from your organisation attend.

### Event programme will include

High level industry experts and key decision makers covering;

- S2B Hub overview
- The landscape for innovation
- Developing opportunities
- Project development workshop
- Open forum and networking (with buffet)

### Places are limited - book now at:
