

4th Postgraduate Colloquium for Environmental Research (POCER)

25-27 July 2017
Swiss Garden Hotel Melaka, Malaysia

Green Technologies: Innovations, Challenges & Prospects

Organized by: Centre of Excellence for Green Technologies (CEGT)
University of Nottingham Malaysia Campus (UNMC)
Supported by: National Taipei University of Technology (NTUT)

All selected full papers will be published in the conference proceedings with ISBN and selected papers will be published in the Special Issue of Clean Technologies and Environmental Policies (CTEP)

Extended abstract submission deadline: 15 Mar 2017
Notification of acceptance: 08 Apr 2017
Final extended abstract submission deadline: 15 May 2017

About POCER

The Centre of Excellence for Green Technologies (CEGT) of the University of Nottingham Malaysia Campus (UNMC) is inviting participants to the 4th Postgraduate Colloquium in Environmental Research (POCER). POCER 2017 is also supported by National Taipei University of Technology (NTUT). POCER aims to provide a platform for postgraduate students to engage in discussions with fellow researchers on their works in environmental research. The theme for POCER 2017 is: **"Green Technologies: Innovations, Challenges and Prospects"**, and will take place during 25-27 July 2017 in Melaka, approximately 1.5 hours from Malaysia's capital Kuala Lumpur. **All accepted full papers will be published in the conference proceedings with ISBN. Selected papers will be invited for publication in the special issue of Clean Technologies and Environmental Policies (Springer Nature), a reputable refereed journal.**

This biannual postgraduate colloquium was first initiated in 2011, and has since expanded to a wide pool of international participants from China, India, Philippines and Taiwan. Specifically, POCER wishes to bring together postgraduate and early career researchers, to encourage exchange of ideas and issues amongst peers, as well as experience-sharing from more senior researchers.

Awards

Two (2) categories of awards would be presented to the winners, which constitute a certificate of recognition and cash prizes. The categories include:

- Best oral presentation
- Best poster

Scope

We would like to invite researchers from various Institutions of Higher Learning (IHL) working in environmental-related research to submit abstracts for either *oral* or *poster presentations* on the following topics:

- Air pollution monitoring and control
- Carbon emission reduction
- Computational tools for environmental applications
- Energy and environmental policy
- Environmental monitoring, assessment & management
- Process system engineering
- Renewable energy
- Solid/biomass waste treatment, management & recycling
- Waste minimisation
- Water & wastewater treatment, management & recycling
- Any other topics related to environmental research.

Instructions for submission

Authors intending to present at the colloquium should send a two (2)-page extended abstract by **15 March 2017** to POCER@nottingham.edu.my, and cc'ed to the conference secretariat, Dr. Suchithra Thangalazhy (email: Suchithra.Thangalazhy@nottingham.edu.my). Electronic version of the extended abstract is to be sent as email attachment. All full extended abstracts are to be written in English in MS Word. Detailed format for the abstract is available on the conference website. All accepted papers in POCER 2017 will be included in the conference proceedings.
