

# The Synthesis of BioActive Molecules VIII

Friday 14th June 2013, 10.00am

Analytical & Biological Chemistry Research Facility, University College Cork  
LG51 Cavanagh Pharmacy Building, College Road, Cork

- 10.00     **Tea/Coffee & Registration**
- 10.30     **Opening of meeting**  
*Prof Anita Maguire, Vice President for Research & Innovation, UCC*
- Chair: Dr Stuart Collins*
- 10.35     **Re-inventing old molecules. A taste of 2nd Generation Research and Development at GSK Cork**  
*Dr Andrew J Whitehead, GlaxoSmithKline*
- 11.20     **Title to follow**  
*Prof Mary Meegan, Trinity College Dublin*
- 12.05     **Development of a Commercial Reductive Amination in the Synthesis of Evacetrapib**  
*Dr Marie Kissane, Eli Lilly*
- 12.50     **Lunch**
- Chair: Dr Tim O'Sullivan*
- 14.00     **Fluorine in organic chemistry: the synthesis of novel ring motifs**  
*Prof David O'Hagan, University of St Andrews*
- 14.45     **New Piperidines for Drug Discovery**  
*Dr Hugues Miel, Almac Discover, Almac Group*
- 15.30     **Title to follow**  
*Dr AnnMarie O'Donoghue, University Sciences Laboratory, Durham*
- 16.15     **Close of meeting**

## To register:

Simply return this slip with your name, address, contact details and fee to Debbie Curran, ABCRF, Cavanagh Pharmacy Building, University College Cork, or email your registration to [Debbie.curran@ucc.ie](mailto:Debbie.curran@ucc.ie) (payment will be required on the day)  
All cheques must be made out to the Institute of Chemistry of Ireland
