

RSC KENT LOCAL SECTION NETWORK MEETING

1800 for 1900 on Wednesday, 14th November 2018

Newton House Conference Centre,

Kent Science Park,

Broad Oak Road,

Sittingbourne, ME9 8AG

Are you interested in the possibility of starting your own business and want some advice? Are you interested in the activities and opportunities on-site at the Kent Science Park in Sittingbourne? Or are you just keen on networking with fellow chemical scientists with a range of different backgrounds and experience? Well whatever your aims, this meeting is for YOU!

This Network meeting, organised by RSC Kent Local Section, is aimed at bringing together members of the Royal Society of Chemistry, staff and tenants of Kent Science Park and scientists and companies from outside both organisations who may be interested in participating in a network meeting to explore common ideas and interests. As well as the opportunity to meet staff from the venue, attendees will be able to hear from a speaker from Forza Industries and will also have time to interact and network during the evening.

The meeting will start at 1800 with an opportunity to 'mix and mingle' over a buffet and drinks. The talks will start at 1900 and will be followed by a further opportunity to network with other attendees before the close at 2100

There is no charge for the evening, but please let Mark Botting know if you wish to attend at Mark.Botting@fastllp.com to enable access to this secure site and so that appropriate catering can be arranged.
