

Solvents Day

Green Solutions for Your Solvent Problems

10th June 2014, 9.30am—4.30pm

Green Chemistry Centre of Excellence, Department of Chemistry, University of York

A one-day symposium on safer, greener and more sustainable solvents in industry

REACH to ban and restrict common solvents such as NMP and DMF

- ◆ Learn about the impact legislation and regulation we will have on solvent use in the future
- ◆ Learn which sustainable and economical alternative solvents have been developed at the GCCE
 - ◆ Expert consultancy advice on how we can help your business with greener solvents
 - ◆ Speakers include Nitto; Circa Group and Peter Fisk Associates
 - ◆ Opportunities for knowledge transfer, discussion and networking
 - ◆ Tours of our brand new facilities and research laboratories

Who Should Attend?

This event would be of interest to:

- ◆ Those working in all areas where solvents are used including chemicals and pharmaceuticals, cleaning, formulations, inks and pigments, extractions and analysis.
- ◆ Small Medium Enterprises (SMEs) and Regional SMEs, who are entitled to fully funded business assists from experts in the GCCE.

Register your place by Monday 2 June 2014 at <http://solventsday.eventbrite.co.uk>

If you would be interested in giving a talk (of which there is some limited space for) or exhibiting a poster at this event, please get in contact. Email katy.holiday@york.ac.uk.
