

The 4th Materials Chemistry Frontiers International Symposium

Chair

Jiaxing Huang

Northwestern
University

Speakers

Danna Freedman

Northwestern University

Quantum revolution

Kazuo Tanaka

Kyoto University

Smart chromic materials

Date & Venue

8:55 AM—16:30 PM

05 December 2019

Hardin Hall

Rebecca Crown Center
Northwestern University
Evanston, USA

Emilie Ringe

University of Cambridge

Mg nanoplasmonics

Letian Dou

Purdue University

2D hybrid Perovskites

Guillaume Wantz

University of Bordeaux

Organosilica for transistors

Marina A. Petrukhina

University at Albany, NY

Molecular nanocarbons

Abstract Book

Hong Yang

UIUC

Heterogeneous Catalysis & Electrocatalysts

Shu Seki

Kyoto University

Electromagnetic spectroscopy

Julia Kalow

Northwestern University

Reversibly photocontrolled hydrogels

Vikas Berry

University of Illinois at Chicago

2D materials

Katherine Bujold

Northwestern University

Spherical nucleic acids

Yu Huang

UCLA

Electrocatalysts
