WHO SHOULD ATTEND

This symposium is intended for marketing and technical representatives from the polymer industry applications, government and academia interested in the latest developments. All persons involved in marketing, business developments, R&D, TS&D, application development for both North America and international markets should attend. The previous seventeen annual FlexPO programs have received excellent comments from all of the attendees.

THE SPONSORS

Chemical Market Resources, Inc. is a reputable full service polyolefins technology, marketing research and planning firm with 20 years of excellence and penchant for details. We have successfully selected, evaluated, and implemented licensing opportunities and positioned a number of materials in the flexible applications market on a proprietary basis for our global clients. We had a role in almost all of the new polymer materials introduced in the last decade worldwide.
