# Introducing Chemistry World Jobs Live

Chemistry World Jobs Live is coming to Manchester on 16 November and London on 23 November

The Royal Society of Chemistry is the world's leading chemistry community, advancing excellence in the chemical sciences. With over 50,000 members forming knowledge networks that span the globe, we are the UK's professional body for chemical scientists; a not-for-profit organisation with 175 years of history and an international vision for the future.

Chemistry World Jobs is our official jobs board.

## A world-class careers event

Our chemical science networks have enabled us to develop a careers event that flies the flag for chemical science job-seekers and recruiters. Last year we welcomed over 350 delegates to Chemistry World Jobs Live – from students and recent graduates to established professionals.

This year, on 16 and 23 November, more of the brightest and most engaged job-seekers will again be joining us. They could be looking to expand their skills, change their focus or find a graduate employer. Join us to help them discover their professional future as we help you attract the best talent to your organisation.

Chemistry World Jobs Live is free to attend. Ahead of the events, member delegates can have their CVs checked so that they come fully prepared and ready to discuss their career options with you. While at the events, all delegates can discover a huge range of career opportunities as well as attend workshops.

## Manchester 16 November – central setting

Mercure Manchester Piccadilly Hotel, Portland Street, Manchester M1 4PH, UK

In the heart of one of the liveliest cities in the North, the 4\* Mercure Manchester Piccadilly Hotel is the perfect place to find enthusiastic and motivated delegates as it plays host to the first Chemistry World Jobs Live of 2016.

### Travel

**Train:** from the Manchester Piccadilly railway station, it is only a short walk to the hotel.

**Tram or bus:** Piccadilly Gardens bus station and Piccadilly Gardens Metrolink tram stop are only 50m from the hotel.

## London 23 November – a capital venue

The Royal Society of Chemistry at Burlington House, Piccadilly, London W1J 0BA, UK

The second Chemistry World Jobs Live of 2016 takes place at our London home. Conveniently located in the West End, Burlington House is a prestigious venue that combines scientific heritage with contemporary facilities.

### Travel

**London underground:** the nearest tube stations are Green Park and Piccadilly Circus.

**Buses:** bus numbers 14, 19, 22 and 38 all stop near to Burlington House.

**"It's great to exhibit to delegates that are keen to pursue a career in the sciences, an event enjoyed by all!"**

Victoria Walker CK Science

**"Massively impressed with the event, exceeded all my expectations and other careers events I've been to. Would recommend it to fellow chemistry students."**

Zaynab Umerji Final year undergraduate chemistry student, Manchester Metropolitan University
