

## RSC Prizewinners Research Colloquium

Monday 17<sup>th</sup> October 2016, 2.30-5pm

Chemistry Lecture Theatre LTG

### Programme

2:30 – 2:40	<i>Introduction and RSC medals presentation</i>
2:40 – 3:10	Prof. Ian Hamley ( <b>Peter Day Award 2016 Winner</b> , University of Reading): “Self-Assembly of Bioactive Peptide-Based Materials”
3:10 – 3:30	Dr Aaron Lau (Invited speaker, Strathclyde University): “Peptoid self-assembly”
3:30 – 4:00	<i>Tea/coffee break (Chemistry foyer)</i>

### Rita and John Cornforth Award 2016 Winners

4:00 – 4:20	Prof. John Kelly (Trinity College Dublin): “Why study ruthenium polypyridyl complexes and DNA?”
4:20 – 4:40	Prof. Christine Cardin (University of Reading): “Bonding with DNA”
4:40 – 5:00	Dr Susan Quinn (University College Dublin): “Watching photo-induced electron transfer in DNA crystals”
5:00 – 5:30	<i>Wine reception (Chemistry foyer)</i>
