

## Programme Agenda

### University of Science and Technology Beijing 29 June 2016, Beijing

Time	Event
8:30-9:00	Introduction and welcome
	Chaired by Prof. Xi Zhang
9.00-9.50	Professor <b>Xinhe Bao</b> , <i>Dalian Institute of Chemical Physics, CAS / Fudan University</i> Topic: Understanding Nano Effects in Catalysis
9.50-10.00	About RSC material journals
10:00 -10: 30	Coffee break
10:30-11:20	Professor <b>Hongjie Zhang</b> , <i>Changchun Institute of Applied Chemistry, CAS</i> Topic: Research and Applications of Mg-Rare Earth Alloys with Excellent Properties
11.20-12:10	Professor <b>Lei Jiang</b> , <i>Technical Institute of Physics and Chemistry, CAS / Beihang University</i> Topic: Smart Interfacial Materials from Super-Wettability to Binary Cooperative Complementary Systems
12.10-13:30	Lunch time
	Chaired by Prof. Xianran Xing
13:30-14:20	Professor <b>Ben Zhong Tang</b> , <i>Hong Kong University of Science and Technology</i> Topic : Alchemy of Wonder Materials: the Episode of AIEgens
14:20-15:10	Professor <b>Jihong Yu</b> , <i>Jilin University</i> Topic: Design and Construction of Zeolitic Nanoporous Functional Materials
15:10-15:40	Coffee break
15:40-16:30	Dr <b>Zaiku Xie</b> , <i>China Petroleum Chemical Corporation</i> Topic: The Role of Advanced Catalytic Materials in the Sustainable Development and the Engineering Scientific Issues on the Industrial Application
16:30-17:50	Panel discussion: <i>Topic: How materials chemistry helps to build a sustainable world?</i>
17:50-18:00	Close of day
