

# PINE 2017

REGISTRATION  
NOW OPEN

## Post-docs In Nuclear Energy

PINE 2017 aims to bring together UK post-doctoral and equivalent researchers working in all areas of nuclear energy research. The event will give an overview of current research in nuclear energy, including a keynote speech by Professor Juan Matthews on “The main technical challenges for developing the next generation of reactors” followed by research talks and posters from attendees.

There will be presentations from post-docs and industrial representatives with a social programme to provide opportunities for career development and networking.

Thanks to funding from the Nuclear Champion Grant and the UK Nuclear Data Network there is no registration fee and a complementary lunch and evening reception will be provided for all registered participants. The number of participants is limited so register early to avoid missing out!

**6<sup>th</sup> September and 7<sup>th</sup> September 2017**

Starting at 12:00 on the 6<sup>th</sup> and finishing by 13:00 on the 7<sup>th</sup>

**Hosted at The University of Manchester**

**Registration and more details at [www.ukndn.ac.uk/PINE](http://www.ukndn.ac.uk/PINE)**
