

ROYAL SOCIETY
OF CHEMISTRY

175 YEARS

rsc.li/175

17 - 18 October 2016, London, United Kingdom

2nd NSFC-RSC International Symposium on Emerging Frontiers in Organic Synthesis

Themes

Synthetic methodology

Total synthesis

Catalysis

Natural products and their applications

Bio-organic and medicinal chemistry

Speakers

Edward Anderson
University of Oxford

Gong Chen
Nankai University

Jonathan Clayden
University of Bristol

Haifeng Du
Institute of Chemistry

Matthew Fuchter
Imperial College London

Carmen Galan
University of Bristol

Shuanhu Gao
East China Normal University

Liuzhu Gong
University of Science and Technology

Helen Hailes
University College London

Ning Jiao
Peking University

Ai-Lan Lee
Heriot-Watt University

Xiaohua Liu
Sichuan University

Guy Lloyd-Jones
University of Edinburgh

Dawei Ma
SIOC

Ae Nim Pae
KIST

Bingfeng Shi
Zhejiang University

Stephen Thomas
University of Edinburgh

Allan Watson
University of Strathclyde

Shu-Li You
SIOC

Committee

Alison Hulme
United Kingdom

Steve Marsden
United Kingdom

Vipul Patel
United Kingdom

Ning Jiao
China

Shuli You
China
