Janssen Pharmaceutica Prize for Creativity in Organic Chemistry

► Call for nominations

The Janssen Pharmaceutica Prize for Creativity in Organic Synthesis is awarded on a biannual basis, on the occasion of the BOSS, to a chemist under the age of 50 who has made a significant contribution to the field of organic synthesis in the broadest sense.

The Prize consists of a trophy, a citation, and €20,000. The laureate of the Prize is expected to deliver a lecture at the BOSS XII.

All details for the submission of a nomination are available via the symposium website.
