CONFERENCE

8-11 SEPTEMBER, GLASGOW
2014

Future Challenges, New Solutions

Conference organised and hosted by

Institute of Brewing & Distilling
Scottish Section
On behalf of IBD Trading Ltd

Conference organised and hosted by

Institute of Brewing & Distilling
Scottish Section
On behalf of IBD Trading Ltd

WDSC 2014 will be held at the Hilton Hotel Glasgow

The overall theme of the Conference is "Future Challenges, New Solutions" featuring an innovative Conference Programme exploring the following themes:

Distilling Industry Resources

Competing for limited resources, guaranteeing the supply chain, maximising utilisation

Energy

Moving to renewables, reducing energy in an energy-intensive process

Yeast and Fermentation

Meeting the demands of production and fermentation environments, optimising yeast performance

Environmental Impact

Reducing the environmental demands of raw material production, processing and packaging

Distillation and Maturation

Introducing new technology, maximising yields

Consumer Perception

Combatting counterfeits, demonstrating quality, guaranteeing safety

Flavour Science

Maintaining consistency, developing new products and flavours to meet market demands

Concurrently, the exhibition will feature suppliers supporting the entire value chain from raw materials to packaging and distribution.

Come and exchange ideas and information with fellow delegates and exhibitors.

A number of sponsorship opportunities are available. For further information on sponsorship or to secure an exhibition stand please visit the website or contact industry@wdsc2014.org
