

Securing European Funding for Biomaterials in Medicine and Healthcare: Opportunities & Approach

12th August 2010, The Heath, Runcorn

In today's challenging funding environment European funding represents a good opportunity for industry and academia to access high levels of funding for high-impact collaborative research. Applying for European funding does contain bureaucratic steps, but the rules for success are clear and for well considered projects the process is straightforward and has a higher success rate than much of the alternative UK based funding.

Programme

- 09.00 *Registration*
- 09.50 **Welcome & Introduction**
- 10.00 **The GenoMEL Experience: The Benefits & Challenges of a Large Scale FP Collaborative Project**
Paul Affleck, University of Leeds
- 10.30 **Industry-Academia Collaboration in FP6 & FP7 Programmes: Experience of Marie Curie Projects on Biomaterials**
Prof Sergey Mikhalovsky, University of Brighton
- 11.00 *Break & Networking*
- 11.20 **A beginners Guide to FP7 & Opportunities within the Health Theme**
Jane Watkins, Health/NCP
- 11.50 **Opportunities within the NMP Theme**
Alastair McGibbon NMP/NCP
- 12.10 **Eurostars Funding Opportunities**
Jane Watkins, Health/NCP
- 12.25 **Successful Proposal Writing: Exam Technique & KTN support**
Dave Rodham, Chemistry Innovation KTN

- 13.00 *Lunch & Networking*
- 13.00-
14.00 **Consultation Time**
Bookable sessions (10-15 minutes) with Jane Watkins, Alastair McGibbon and Dave Rodham
- 14.30 **Close**

Securing EU Funding for Biomaterials in Medicine & Healthcare: Opportunities & Approach

12th August 2010
Runcorn

Supported by:

Who Should Attend?

This free event will be of value to partners who are looking to join a consortium, are looking to build their consortium or are looking to sharpen the proposal for an existing consortium.

Examples of relevant funding calls include: *NMP.2011.2.2-2* Biomaterials for tissue engineering for age-related cancer and sensory organ diseases and *HEALTH.2011.1.4-2* Tools, technologies and devices for application in regenerative medicine. Other opportunities will also be presented on the day.

Register

Attendance is free of charge. To register for the event please contact kelly.brett@ciktn.co.uk.

Unable to attend?

If you are unable to attend the event in person a real-time webinar will also be run to allow you to follow the presentations and hear the speakers. Remote participants will also be able to ask questions during the Q&A session at 12.40pm.

Further information can also be found on the website at: <https://ktn.innovateuk.org/web/nanomite/securing-european-funding>.
