

Organic & Perovskite Solar Cells Conference

19-20 October 2016, Heraklion Crete, Greece

CALL FOR PAPERS

Late Poster Abstract Submission - September 18, 2016

The **Organic & Perovskite Solar Cells** conference, organized in the framework of the **COST action MP1307 StableNextSol** will take place from October 19 to 20 2016 at Heraklion Crete, Greece. The main aim is to bring together scientists in the field of organic and hybrid solar cells.

Major topics of interest:

- Organic solar cells (OSCs)
- Perovskite solar cells (PeSCs)
- Dye sensitized solar cells (DSSCs)
- Material synthesis of organic & perovskite absorbers
- Interfacial engineering of solar cells
- Fundamental physics and photophysics
- Theoretical modelling of materials and devices
- Characterization and measurement techniques
- Lifetime and device stability
- Scale up and commercial development

Registration and Abstract Submission:

To participate in the conference, registration to the following link: <http://solar.teicrete.gr/> is required. Abstracts for the conference will be selected by the Scientific Committee, either for:

- ✓ An oral presentation
- ✓ The poster session and a 3-minute flash talk presentation
- ✓ The poster session

RSC journals *Journal of Materials Chemistry A* and *Materials Horizons* will offer awards for the best poster presentations.

Deadlines:

Late Poster Abstract Submission – Sept 18, 2016

The conference participation fees are:

1. **Full Rate 300€**
Non-members of COST action MP1307
2. **Student rate 200€**
