

15th International Conference on Electroanalysis

11 - 15 June 2014 - Malmö - Sweden

Plenary speakers

Allen J. Bard, USA
Renata Bilewicz, Poland
Hubert Girault, Switzerland
Adam Heller, USA

Keynote speakers

Christian Amatore, France
Ann-Sofi Cans, Sweden
J. Justin Goodings, Australia
Tomokazu Matsue, Japan
Angela Molina, Spain
Suna Timur, Turkey

Pharmaceutical and biomedical
electroanalysis, in-vivo, ex-vivo,
non-invasive, hyphenated techniques

Industrial, environmental and food
science electroanalysis

Theoretical modelling, new methods,
signal interpretation

Micro and nano electrochemistry,
advanced devices and sensor arrays

Bioelectrochemistry &
bioelectronic devices

**Contributions in all aspects of modern
electroanalytical chemistry are most welcome**

International DropSens Award to the best research work on applied electroanalytical chemistry

The award consists of € 3,000 and its winner will be announced in a ceremony during ESEAC 2014. Submission deadline and terms and conditions will be published soon at www.dropsens.com.

ESEAC Prize for Best Paper

ESEAC will award a Prize for the best paper in electroanalytical chemistry published in the 2012 or 2013 calendar years. The prize consists of free registration to ESEAC 2014, € 500 and a slot as "invited lecture" during the ESEAC 2014 meeting. Submit your contribution before 31 January 2014. Read more at ESEAC2014.com.

www.ESEAC2014.com

ELECTROANALYSIS will have a
special issue on ESEAC 2014
