The Exhibition – Discover New Markets

The largest filtration Show world-wide is the globally acknowledged platform and solution provider for all industries covering every market segment. **FILTECH 2016** will feature **350 Exhibitors** at the Koelnmesse in Cologne.

FILTECH has an established track record in bringing together the technical and commercial sectors to develop global business relationships.

The Show successfully extended its range and features the most recent innovations in filtration and separation technologies, particle measurement & analysis systems and many more associated industries.

The Filtration Event

FILTECH is the largest and most important special interest Event world-wide for the filtration and separation industry. It is a must for all those concerned with designing, improving, purchasing, selling or researching filtration and separation equipment and services.

The Conference

Present your latest findings at **FILTECH 2016** to an international audience from all over the world. The Conference will feature **200 papers**.

FILTECH 2016 Conference will feature once again the latest advances and techniques in liquid/solid and gas/particle separation (dust, gas & air filtration). Technology and know-how transfer is a main target.

Types of Presentations

When you submit your abstract please precise what kind of presentation is preferred:

20 min presentation

or

5 min presentation

in a session room plus presentation in front of the poster in the poster area after the session

Become a Speaker

Deadline Abstracts	February 26, 2016
Notice of Acceptance	April 26, 2016
Deadline Full Papers	July 14, 2016

For further details see www.filtech.de → Conference

The Conference registration includes:

- Proceedings featuring all papers (abstract book & full paper versions on a USB stick)
- Refreshments during breaks & Lunch/es,
- Welcome Reception on October 11, 2016
- Entrance to the FILTECH 2016 Exhibition & Exhibition Catalogue
- Cologne Public Transport Ticket

Short Courses

One day prior to **FILTECH 2016** two **1-Day Short Courses** will be held:

Short Course I

Solid/Liquid Separation

Dr.-Ing. Harald Anlauf – Karlsruhe Institute of Technology, Germany, Institute for Mechanical Process Engineering and Applied Mechanics

Short Course II

Fine Dust Separation

Prof. Eberhard Schmidt – University of Wuppertal, Germany, Institute of Particle Technology

The Short Courses include: Extensive Short Course Notes, Refreshments during breaks & Lunch, Welcome Reception on October 11, 2016, Entrance to the FILTECH 2016 Exhibition & Exhibition Catalogue, Cologne Public Transport Ticket

Conference Registration Fees

Day-Ticket	Early bird € 300	Regular € 375
