# Oxford Synthesis Summer Conference 2016

11-12th August 2016, Andrew Wiles Conference Centre, Oxford

## A new conference for students

The Oxford Synthesis Summer Conference is a national forum for all UK synthetic chemistry graduate students. Over 2 days, attendees will meet and listen to five of the most inspirational and influential minds in chemistry tell the stories behind their world-leading research careers, and the journey to where they are today.

## Book today!

For full details of the conference, including registration, accommodation and travel details, please visit <http://www.oxfordsynthesiscdt.ox.ac.uk/conference>  
£10 registration includes refreshments, lunch and wine reception. Abstract submission deadline: **1st Jul 2016**.

## Contact us

OSSC2016 is organised by graduate students of the EPSRC CDT in Synthesis for Biology & Medicine, Department of Chemistry, University of Oxford.  
For enquiries about the conference or sponsorship opportunities, email [oxsynthconf@chem.ox.ac.uk](mailto:oxsynthconf@chem.ox.ac.uk)

## Programme

### ■ Confirmed speakers:

Jonathan Clayden *Bristol, UK*  
Ben Feringa *Groningen, Netherlands*  
Véronique Gouverneur *Oxford, UK*  
Amir Hoveyda *Boston College, USA*  
Dirk Trauner *LMU München, Germany*

### ■ Rapid-fire talks:

Selected student delegates will give 3-minute talks on their current research.

### ■ Poster presentations

### ■ Panel discussion:

Discussion and debate of the future of synthetic chemistry with invited experts in the field.
