

The Biennial Australian Colloid & Interface Symposium

Outrigger Little Hastings Street Resort & Spa, Noosa, Queensland
3 to 7 February 2013

ACIS 2013 will provide an opportunity for international and local colloid, surface and interface scientists to meet and discuss recent developments in their areas of research.

PLENARY SPEAKERS

ACIS Plenary: Professor Detlef Lohse, Physics of Fluids Group, Department of Applied Physics, Faculty of Science, University of Twente, The Netherlands

Alexander Lecture: Professor Roger Horn, Dean of Research Training, Deakin University

THEMES

Suspension Rheology and Colloidal Processing
Theme Chairs: Dr Anthony Stickland and Prof Peter Scales

Sustainability: Energy and Water
Theme Chairs: Dr Shannon Notley and Dr Drew Evans

Biointerfaces
Theme Chairs: Prof Michelle Gee and Prof Russell Crawford

Self Assembly
Theme Chairs: Dr Patrick Hartley and Dr Keith McLean

Wettability and Thin Liquid Films
A Symposium in honour of Professor John Ralston
Theme Chairs: A/Prof David Beattie, Dr Chiara Neto and Dr Marta Krasowska

Frontiers of Colloid and Interface Science
Theme Chair: Prof Paul Mulvaney
