Oxford Synthesis Summer Conference 2018

25-26th June 2018, Andrew Wiles Conference Centre, Oxford

A conference designed for students

This summer's conference follows on from the success of OSSC2016, which was attended by over 300 graduate students from across the UK and beyond. Highlights included a lively poster session, exciting rapid-fire talks and world renowned speakers who shared their research and career stories.

Book today!

For full details of the conference, including registration, accommodation and travel details, please visit oxfordsynthesiscdt.ox.ac.uk/conference

£10 early bird registration fee includes lunch and wine reception. Abstract submission deadline: **1st May 2018**.

Contact us

OSSC2018 is organised by graduate students of the EPSRC CDT in Synthesis for Biology & Medicine, Department of Chemistry, University of Oxford.

For enquiries about the conference or sponsorship opportunities, email oxsynthconf@chem.ox.ac.uk

EPSRC

Programme

Confirmed speakers:

Donna Blackmond *Scripps Institute, USA*
Stephen Buchwald *MIT, USA*
Ben Davis *University of Oxford, UK*
Benjamin List *Max-Planck-Institut, Germany*
John Sutherland *MRC LMB, UK*

Rapid-fire talks:

Selected student delegates will give 3-minute talks on their current research.

Poster presentations

Panel discussion:

Discussion and debate of the future of synthetic chemistry with invited experts in the field.
