

Biomaterials Characterisation Workshop 2018

25th of July 2018, 9:30am-5:00pm

Manchester Institute of Biotechnology

This workshop is organised by the UoM Biomaterials Network (ManBioMat) and is targeted at PDRA and PhD researchers in the field of biomaterials and related disciplines. It will include a “meet the specialist” session as well as poster and rapid fire presentation competitions.

Preliminary programme:

09:30 Registration / Posters set-up.

09:55 Welcome

Prof A. Saiani (University of Manchester)

10:00 Nano-indentation

Dr R. Akhtar (University of Liverpool)

10:30 Spectroscopy

Prof. C. Sammon (University of Sheffield)

11:00 Coffee Break & Posters

11:30 NMR of gels

Dr M. Wallace (University of East Anglia)

12:00 Time-resolved cryo-EM

Dr D. Kontziampasis (University of Leeds)

12:30 Hydrogel Characterisation

Prof. D. Adams (University of Glasgow)

13:00 Lunch, Meet the specialist & Posters

14:30 In vivo translation of biomaterials

Dr Anna Gray (University of Manchester)

15:00 Rapid fire presentations competition

16:00 Closing “pizza” reception and Prizes
