

AUSTRALASIAN  
COLLOID AND  
INTERFACE  
SOCIETY

# The 9th Biennial Australian Colloid & Interface Symposium

Hotel Grand Chancellor • Hobart, Tasmania • 3 to 7 February 2019

**ACIS 2019 provides a key opportunity for colloid, surface and interface scientists worldwide to share their findings, network, and discuss advancements in their fields of research.**

There are a great many disciplines covered by colloid, surface and interface science. Attendees will include scientists from all disciplines, early career researchers, industry representatives and end users interested in new developments across a range of technologies.

Themes will include:

- > Soft Material Engineering in Foods, Consumer Care Products and Pharmaceuticals
- > Colloids in Medicine
- > Colloidal systems of graphene and 2D materials
- > Scattering in Colloid and Interface Science
- > Nanoparticles: Colloidal Stability, Self-assembly and Interactions with Light
- > Mechanics of Suspensions, Gels, Emulsions and Foams: Fundamentals and Applications from Micro to Macro

**\*\*ALL NEW\*\* Commercialization and Translation session**

**Delegates will hear from our 2 esteemed plenary presenters:**

**ACIS Plenary Lecturer**  
Professor Ole Mouritsen,  
Department of Food  
Science, University of  
Copenhagen, Denmark

**A. E. Alexander Lecturer**  
Professor Dr Regine von Klitzing,  
Department of Physics,  
Technische Universität  
Darmstadt, Germany

## Key Dates

**18 June 2018**

Abstract Submission Opens

**3 September 2018**

Abstract Submission Deadline

**9 November 2018**

Presenter Registration Deadline

**2 July 2018**

Online Registration Opens

**25 October 2018**

Notification of Acceptance

**16 November 2018**

Early-Bird Registration Deadline

**Sponsorship and exhibition opportunities are now available.**
