

The Consultancy Group Bulletin – April 2024

About us

The Group is one of the Royal Society of Chemistry's many Interest Groups. The Interest Groups are member-driven groups which exist to benefit RSC members, and the wider chemical science community, in line with the RSC's strategy and charter.

The Group provides a forum for RSC members who are consultants. The Group arranges meetings and workshops to provide networking opportunities and training in aspects of setting up and running a consultancy business.

There are currently vacancies on the Consultancy Group Committee. These have been advertised to all Consultancy Group members and applications have been received. The applicants are in the process of being contacted with respect to the next stage.

If you are interested in helping to support the work of the Group in any way, please contact the Group via the RSC link: <https://www.rsc.org/membership-and-community/connect-with-others/through-interests/interest-groups/consultancy/#contact>

Index for Bulletin Articles

A simple index is in the process of being generated for previous articles in order that members of the Consultancy Group will have an easy opportunity to search for pieces that have been published on this page previously.

Directory of Consultants

The Royal Society of Chemistry has a list of consultants that are registered with them. It can be found at:

<https://www.rsc.org/membership-and-community/directory-of-consultants/>

The Directory is a service provided by the Royal Society of Chemistry to members, professionals and the public. The information supplied in this directory, and the services offered and delivered, are entirely the responsibility of the consultants themselves, and not the Royal Society of Chemistry.

The consulting experts listed in this directory are all full members of the Royal Society of Chemistry and are bound by the RSC [Code of Conduct](#).

The Royal Society of Chemistry is not responsible for the content of external websites.

If you wish to be added to the Directory, please complete the application forms found on the RSC webpage above.

Member Articles

The members of the Consultancy Group come from a wide range of industries, as can be seen from the list of areas of expertise outlined above. Is there an area of your knowledge and expertise that you think might be of interest to others in the Group?

The Group is keen to encourage information dissemination and networking to provide a background to consultancy activities.

If you have, or could write, a 200-300 word piece which outlines aspects or anecdotes that you think will be of interest to other members, please contact the Secretary via the following link:
