Date

4. Divisions

Our Divisions are free for all our members to join. They allow members to stay informed of major developments in their field, such as funding and training, and provide a valuable forum for exchanging information and ideas which feed back into our work. Visit www.rsc.org/divisions for more information.

Why should I join a Division?

- Pursue your interest in specific areas of the chemical sciences
- Expand your network of professional contacts
- Access useful information about funding sources, awards and travel grants
- Play an important role in contributing to our activities

Membership to all Divisions is free of charge, please indicate below which of these you wish to join

Analytical Division

Chemistry Biology Interface Division

Dalton Division

Education Division

Environment, Sustainability and Energy Division

Materials Chemistry Division

Faraday Division

Industry and Technology Division

Organic Division

5. Declaration

I, the undersigned, do hereby declare that, while a member of the Royal Society of Chemistry, I will observe the provisions of the Charter and By-laws and any regulations made under them, and that I will conduct myself honourably in the practice of my profession and will further the interests and maintain the dignity and welfare of the RSC for as long as I shall continue to be a member. I certify that the information given on this form and in any attachments is correct to the best of my knowledge and belief and that I will abide by the decision of the Council of the RSC in pursuance of this application. I understand and agree that confirmation of information that I have provided will be sought and I hereby give permission for such information to be processed by RSC in accordance with the data protection act and that such verifications may be made as deemed necessary.

I agree to the terms & conditions of application: *(please tick)*
