

# RSC Biomolecular Sciences Series Package

The RSC Biomolecular Sciences Series is devoted to the coverage of the interface between the chemical and biological sciences, especially structural biology, chemical biology, bio- and chemo-informatics, drug discovery and development, chemical enzymology and biophysical chemistry.

The new **RSC Biomolecular Sciences Series Package**, containing 20 of the leading series titles, offers a complete and definitive collection of reference and state-of-the-art guides for graduate and postgraduate levels.

**Format:** Hardback  
**ISBN:** 9781847559326  
**Price:** £1,499  
Package contains 20 titles

## Titles included in the package

|               |  |
|---------------|--|
| 9780854048427 | Exploiting Chemical Diversity for Drug Discovery                                       |
| 9780854043651 | Computational and Structural Approaches to Drug Discovery: Ligand-Protein Interactions |
| 9780854043705 | Sequence-specific DNA Binding Agents   |
| 9780854042579 | Protein Folding, Misfolding and Aggregation: Classical Themes and Novel Approaches     |
| 9780854042999 | Metabolomics, Metabonomics and Metabolite Profiling                                    |
| 9780854043613 | Structural Biology of Membrane Proteins  |
| 9780854043743 | Quadruplex Nucleic Acids   |
| 9780854048021 | Protein-Carbohydrate Interactions in Infectious Diseases                               |
| 9780854043514 | Structure-Based Drug Discovery: An Overview  |

|               |   |
|---------------|---|
| 9780854042531 | Ribozymes and RNA Catalysis   |
| 9780854041954 | Nucleic Acid-Metal Ion Interactions                                 |
| 9780854041930 | Natural Product Chemistry for Drug Discovery                        |
| 9780854042722 | Protein-Nucleic Acid Interactions: Structural Biology               |
| 9780854041169 | Therapeutic Oligonucleotides  |
| 9780854041220 | Quantum Tunnelling in Enzyme-Catalysed Reactions                    |
| 9780854041343 | RNA Polymerases as Molecular Motors                                 |
| 9780854041480 | Oxidative Folding of Peptides and Proteins                          |
| 9780854041893 | Molecular Simulations and Biomembranes: From Biophysics to Function |
| 9781847559142 | RNA Helicases   |
| 9780854041718 | Structural Virology   |

## RSC PUBLICATIONS ORDER FORM

I wish to place the following book order:

| Title                                    | ISBN          | Number of copies | Price     | Total price |
|--|---------------|------------------|-----------|-------------|
| RSC Biomolecular Sciences Series Package | 9781847559326 |                  | £1,499.00 |             |
|  |               |                  |           |             |
|  |               |                  |           |             |
|  |               |                  |           |             |
|  |               |                  |           |             |

## PAYMENT DETAILS

### Method of payment

I enclose a cheque made payable to Royal Society of Chemistry

*All cheque payments should be in £ sterling drawn on a UK bank, or \$ US drawn on a US bank*

Please send me a pre-payment invoice

Please charge my Visa/Mastercard/AmEx  
*Credit cards may be used for orders up to £2000*

Account No.

Signature

Expiry date

### Cardholder's/invoice\* address:
