

Format

Registration will take place on the morning of Monday 4 July 2011 in the Renold Building. Sessions will begin on Monday afternoon and will last until lunchtime on Thursday 7 July.

The five main themes will be distributed across four parallel sessions. There will be plenary lectures at the beginning and end of the conference, and at the beginning and end of each of the two middle days. Each symposium will have a keynote speaker followed by contributed speakers.

Poster sessions will be held on the Monday evening and Tuesday and Wednesday lunchtimes.

Conference Banquet

The conference banquet will take place at Manchester Town Hall on Wednesday 6th July 2011.

The conference banquet is **not** included in the conference registration fee.

Tickets are £55 per person and entrance includes a pre-dinner drink, three course meal with wine and tea/coffee to finish.

Delegates may book a ticket for the banquet at the same time as registering for the conference itself.

Location

Manchester is well connected by all modes of transport so whether you are travelling to the city by road, rail or air, it is easy to reach. It is a compact city, so once you arrive it is also easy to get around on foot.

The Sackville Street campus is conveniently located to get to all the city centre attractions, shops and restaurants, and a number of hotels are within a short walk.

Accommodation

Accommodation is not included in the conference registration fee. Delegates are able to book affordable hotel accommodation by visiting the MC10 registration page.

Sponsorship and Exhibition

There are a number of sponsorship and exhibition opportunities available at MC10, including sponsorship of social events, advertisements in the book of abstracts and table top exhibitions. Please contact RSC Events for further information.

CALL FOR POSTERS

10th International Conference on Materials Chemistry (MC10)

4 - 7 July 2011

University of Manchester, United Kingdom

The 'MC' conference series has provided a showcase for materials chemistry for almost two decades, and is the flagship event of the RSC's Materials Chemistry Division.

Recent editions of the MC series have been very successful: MC7, held in Edinburgh in 2005, attracted over 450 delegates; and MC8 saw 500 scientists present their work and network in central London. In 2009, the RSC was proud to incorporate MC9 into the scientific programme of the 42nd IUPAC World Congress (IUPAC 2009). Comprising 16 symposia across 5 of the congress' 17 parallel sessions, MC9 reached an audience of over 2000 delegates.

The series returns in 2011 to its traditional format as a standalone conference over four days, beginning at lunchtime on Monday 4 July and ending at lunchtime on Thursday 7 July.

Themes

- Advanced technologies and nanomaterials
- Energy and sustainability
- Life and health
- Soft matter
- Crystalline solids

Who should attend?

MC10 will appeal to academic and industrial scientists working on the chemistry, physics and materials science of functional materials.

Student participation is strongly encouraged; as well as the opportunity to give oral presentations we place a particular emphasis on poster presentations. Bursaries will also be made available to support the attendance of students and recent graduates.

One day registrations will be available for those wishing to focus on one particular subject.

Plenary Speakers

- Professor Joanna Aizenberg
Harvard University, USA
- Professor Michael Graetzel
EPFL Lausanne, Switzerland
- Professor Jean-Marie Lehn
Université de Strasbourg, France
- Professor Seth Marder
Georgia Institute of Technology, Atlanta, USA
- Professor Kostya Novoselov
University of Manchester, UK
- Professor Omar Yaghi
University of California, Los Angeles, USA
(Winner of the RSC Centenary Prize 2010)

Key Deadlines

- | | |
|----------------------------|--------------|
| Poster abstract submission | 6 May 2011 |
| Early bird registration | 6 May 2011 |
| Standard registration | 10 June 2011 |

Keynote Speakers

- Professor Lia Addadi
The Weizmann Institute of Science, Israel
- Professor Laurie Gower
University of Florida, USA
- Professor Juri Grin
Max-Planck-Institute for Chemical Physics of Solids, Germany
- Professor Joseph Hupp
Northwestern University, USA
- Professor John Irvine
University of St Andrews, UK
- Professor Bo Brummerstedt Iversen
University of Aarhus, Denmark
- Professor René Janssen
Eindhoven University of Technology, The Netherlands
- Professor Bert Meijer
Eindhoven University of Technology, The Netherlands
- Dr John de Mello
Imperial College London, UK
- Professor Paul O'Brien
University of Manchester, UK
- Professor Shin-ichi Orimo
IMR, Tohoku University, Japan
- Professor Paolo Radaelli
University of Oxford, UK
- Professor Stuart Rowan
Case Western Reserve University, USA
- Professor Alberto Salleo
Stanford University, USA
- Professor Frank Scheffold
University of Fribourg, Switzerland
- Dr Oren Scherman
University of Cambridge, UK
- Professor Yuichi Shimakawa
Kyoto University, Japan
- Professor Molly Shoichet
University of Toronto, Canada
- Professor Takao Someya
University of Tokyo, Japan
- Professor Nico Sommerdijk
Eindhoven University of Technology, The Netherlands
- Professor Molly Stevens
Imperial College London, UK
- Dr Natalie Stingelin
Imperial College London, UK
- Dr John Varcoe
University of Surrey, UK
- Professor Fred Wudl
University of California Santa Barbara, USA

Call for Posters

Offers of abstracts are now invited for poster presentation within the themes of the meeting. The deadline for submission is 6 May 2011.

A book of abstracts of accepted contributions will be produced and handed out at the conference.

Please visit the website for details of how to prepare and submit your abstract.

Registration

Registration is now open online, register at: www.rsc.org/MC10/Registration. Take advantage of discounts available by registering before the 6 May 2011 deadline.

Co-sponsors

We would like to thank the following organisations for their co-sponsorship support of MC10. Members of co-sponsoring organisations are eligible to register for MC10 at the discounted RSC member rate.
