

# Neutron Scattering Group

**IOP** Institute of Physics | **RSC** Advancing the  
Chemical Sciences

## **B T M Willis Prize 2012**

The IOP Neutron Scattering Group and the Faraday Division of the Royal Society of Chemistry have established a prize for outstanding neutron scattering science. The prize is named in honour of the founding chairman of the Neutron Scattering Group, Professor B T M Willis. It is intended that the prize will be awarded annually, usually in conjunction with the annual Neutron and Muon Beam Users Meeting, NMUM.

### **Terms**

The prize is awarded to an individual in recognition of a single outstanding piece of work, or a longer term coherent body of work, in the application of neutron scattering to a significant problem in physics, chemistry, materials science, earth science, the life sciences, or engineering, or alternatively in recognition of a major development in neutron scattering instrumentation or techniques.

### **Eligibility**

The recipient of the prize will normally be a young scientist, i.e. in the first 12 years of a research career (allowing for career breaks) e.g. following an award of a PhD., who has made a substantial contribution to the development or reputation of physics / Chemistry / Biology in the UK or Ireland.

**Dateline: Friday 23 March 2012**

Please forward your nominations to NSG Secretary & Treasurer  
Dr Tatiana Guidi ([tatiana.guidi@stfc.ac.uk](mailto:tatiana.guidi@stfc.ac.uk))
