

RSC eBook Collection 2012

MARC
records available

- Comprehensive
- Fully searchable
- Unlimited access
- Wide ranging
- Premier quality content

"ideal for this specialist market...an intuitive and easy to use interface with good search functionalities..."

Werner Reinhardt, Chairman GASCO (German, Austrian and Swiss Consortia Organization)

"intuitive and easy to use...searching was fast, and documents retrieved very quickly...Inclusion of "textbooks" is useful and a big plus..."

Sonya Donoghue, Science Information Services Manager, The University of Auckland Library

Looking for a flexible eBook solution?

The RSC eBook Collection is a definitive point of reference for anyone working in the chemical sciences. More than 1,000 books, equating to over 25,000 chapters spanning more than 40 years, have been brought together and digitised as fully-searchable pdf files. The result is a comprehensive overview of research and opinion in a multitude of areas of chemical science, available to purchase as a complete collection or divided to suit your budget needs by year ranges and subject collections.

The Collection

Fully searchable, the collection covers all areas of the chemical sciences from core chemistry and food science to emerging areas like nanoscience and biosciences. All levels are catered for, from high level reference works to undergraduate textbooks, and the collection has been organised into chapters and books that can be easily downloaded or read online in PDF format

Popular titles include:

- Practical Environmental Analysis
- Bionanodesign
- Nucleic Acids in Chemistry and Biology
- Fundamental Toxicology

Prestigious book series include:

- RSC Biomolecular Sciences
- RSC Drug Discovery
- RSC Nanoscience & Nanotechnology
- RSC Green Chemistry

Year on year the collection will grow as new RSC books are published, ensuring that you have access to the very latest information! For a complete list of books available in the RSC eBook Collection please visit the website.

Searching the Catalogue

Searching the collection and sorting your results couldn't be easier.

Search by:

- Keyword
- Author
- ISBN
- Title

Browse by:

- Subject area
- Book series
- Publication date
- A-Z index

Sort results by:

- Book
- Chapter
- Relevance
- Publication date

Benefits for Authors

- Reach a larger audience of online readers
- Increased visibility for your book
- Electronic access means your book will never go out of print

Benefits for Readers

- Convenient online access – read and download your favourite book from the comfort of your own office or laboratory
- Easy to use – powerful search functionality allows you to quickly locate relevant information
- One free chapter for every book in the collection

Benefits for Librarians

Effortlessly increase the size of your library archives and resources with electronic content and electronic cataloguing files. Usage statistics allow you to identify the key areas of interest to your users, and can assist you when making future purchasing decisions.

The collection gives:

- Unlimited access and use
- Perpetual ownership
- Value for money

Features include:

- MARC records
- Usage statistics
- DOI indexed to chapter level

Access and Pricing

Institutions may purchase a license for the eBook Collection for online use. An eBook license entitles the user to perpetual ownership with access authenticated by an IP address range. All content is protected by International and UK Copyright Law and usage of the material provided is subject to terms and conditions of license. For more information or multi-site options contact sales@rsc.org

Price Guide

Access to all titles published 1968 - 2012	£28,000/\$49,000
New titles in 2012	£7,200/\$12,600
RSC eBook Collection annual maintenance fee	£445/\$775

Prices are subject to VAT in accordance with international tax legislation. For full details of licence conditions contact sales@rsc.org

The best way to realise the full potential of the eBook Collection is to try it out. We invite institutions and individuals to take advantage of the search capabilities within the collection and free full access to the first chapter of each book.

Why not try these products today?

For more information, to discuss bespoke collections or for individual collection pricing go online or email sales@rsc.org

The RSC eBook Subject Collections

- **Enhance** your library's online chemical science resource by choosing from the new RSC eBook Subject Collections
- **Subject specialist content** from 2000 to 2010 matched to your individual discipline-based requirements
- **Flexibility** to choose premier, high quality content from nine different RSC eBook Subject Collections in the subject areas that matter to you!
