

#### **CONSULTANCY GROUP**

# 'Regulations: Help or Hindrance?'

The breadth of activity covered by members of the Consultancy Group is diverse, but all operate in areas that are subject to continual streams of regulations. Whether you advise on regulatory issues or operate in an area subject to regulatory control, you need to understand what is expected of you as an expert consistent with the requirements of the particular regulatory regime. This meeting covers some of the issues that members have to address. It is timely in view of reviews of the role of expert witness, while many consultants may encounter regulations on wastes, including the imminent implementation of the WEEE Regulations. Hence, the meeting will be of value to established consultants as well as those who may be embarking on that role in the future.

CPD certificates will be provided on request.
