

The **WATER SCIENCE FORUM (WSF)** is one of the most active of the Royal Society of Chemistry's (RSC) Subject Groups. It focuses on the application of chemical sciences in the management of the water cycle and the impact of these activities on the natural environment. WSF attracts members, and thus expertise, from many sectors within the water community: environmental consultancies, utility companies, industrial treatment companies, academia and regulatory bodies.

The broad **AIM** of the WSF is to promote the professional and scientific interests of members and to advise and influence, in the public interest, on the application of chemistry in water-related industries.

WSF key **OBJECTIVES** are:

- To keep members up-to-date with current developments within the water sector and to promote Continuous Professional Development.
- To provide a forum for the debate of professional and scientific matters on water related issues within the RSC and other relevant organisations
- To provide specialist technical advice on water related issues to the RSC and to assist the RSC in presenting a corporate view to national and local government on matters of interest to WSF members
- To promote research, education and specialised training in all aspects of water-related chemistry, including relevant chartered status for members

The WSF achieves this by:

- Organising topical meetings and conferences
- Providing financial assistance to encourage professional development
- Contributing to consultation documents from the UK and EC

MEMBERSHIP OF WSF

Membership of WSF is open to professional, associate and affiliate members of RSC. (*Please note that affiliate membership is available to anyone with a general interest in chemical sciences*)

For further information on membership contact the Hon Secretary, Water Science Forum
c/o The Royal Society of Chemistry
Burlington House, Piccadilly
London, W1V 0BN

BENEFITS OF WSF MEMBERSHIP

For only £5 a year...

- A biannual **newsletter**
- Regular topical **meetings**
- Annual **£40** voucher to attend WSF organised or badged meetings
- **Bursaries** for early stage career members to facilitate conference attendance
- WSF **webpage** on the RSC website

Chemical Sciences

Water Science Forum

I wish to join the Water Science Forum and enclose my cheque for £5

I am a member of the RSC*

Name:

Address:

Postcode:

Telephone/Fax:

Email:

Please complete and return to:

Hon. Secretary
Water Science Forum
c/o The Royal Society of Chemistry
Burlington House, Piccadilly
London, W1J 0BN

*Applicant must already be an RSC member or join at the **most appropriate** level.

Why **YOU** should join:

- Keep up-to-date with current developments in the water sector
- Receive first hand information on future WSF events
- Benefit from networking with experienced scientists
- Early stage career water scientists bursaries
- Learn about the application of practical science in all forms of water usage and the environment
