

eBook Collection

Content 2008

Title	ISBN
Archaeological Chemistry	9780854042623
Bile Acids	9780854048465
Biomimetic Nanoceramics in Clinical Use	9780854041428
Calixarenes	9780854042586
Carbons and Carbon Supported Catalysts in Hydroprocessing	9780854041435
Catalysis	9780854042494
Chemical Modelling	9780854042487
Chemical Vapour Deposition	9780854044658
Chemistry at Oxford	9780854041398
Chemistry of Fireworks	9780854041275
Chemistry of Fungi	9780854041367
Chemoinformatics Approaches to Virtual Screening	9780854041442
Coordination Polymers	9780854048373
Creating Networks in Chemistry	9780854042791
Cytochromes P450	9780854042746
Electron Paramagnetic Resonance	9780854043736
Electronic Waste Management	9780854041121
Environmental Forensics	9780854049578
Essential Guide to Food Additives	9781905224500
Essentials of Nucleic Acid Analysis	9780854043675
Fatty Alcohols	9780854041527
Fire Retardancy of Polymers	9780854041497
Food Safety Hazard Guidebook	9780854044603
Future of Glycerol	9780854041244
Gums and Stabilisers for the Food Industry 14	9780854044610
Handbook of Surface Plasmon Resonance	9780854042678
Heritage Microbiology and Science	9780854041411
High-Field EPR Spectroscopy on Proteins and their Model Systems	9780854043682
Is Arsenic an Aphrodisiac?	9780854043637
Miniaturization and Mass Spectrometry	9780854041299
Molecular Aspects of Innate and Adaptive Immunity	9780854046980
Nano and Microsensors for Chemical and Biological Terrorism Surveillance	9780854041404
Nanofluidics	9780854041473
New Frontiers in Colloid Science	9780854041138
Nuclear Magnetic Resonance	9780854041152
Nucleic Acid-Metal Ion Interactions	9780854041954
Organometallic Chemistry	9780854043538
Organophosphorus Chemistry	9780854043590
Origin of Chirality in the Molecules of Life	9780854041565
Oxidative Folding of Peptides and Proteins	9780854041480
Portable X-ray Fluorescence Spectrometry	9780854045525
Powder Diffraction	9780854042319
Protein Folding, Misfolding and Aggregation	9780854042579
Protein-Nucleic Acid Interactions	9780854042722
Rheology for Chemists	9780854048397
Science of Chocolate	9780854049707
Spectroelectrochemistry	9780854045501
Therapeutic Oligonucleotides	9780854041169
