

# A CLEANER, HEALTHIER WORLD?

## Environmental Information to manage it well

### STN ENVIRONMENTAL FORUM

The Royal Society of Chemistry, Burlington House, London  
Thursday 18 September 2003, 9.30-15.30

What on Earth must we do to protect and improve our environment? We must have high quality information to manage our resources, so.....

Take advantage of our **FREE** Forum to hear about:

- ◆ Premier online STN databases in a one-stop shop environment: files from Chemical Abstracts Service and Cambridge Scientific Abstracts, and Beilstein
- ◆ Environmental information resources used in a busy research laboratory
- ◆ The Royal Society of Chemistry's Library and Information Centre's valuable sources in this area – online, CD-ROM and printed, plus the renowned enquiry service
- ◆ Environment, Sustainability and Energy – The Royal Society of Chemistry's position
