Supplementary Information for

Promotion of phenol photodegradation based on novel self-assembled magnetic BiOI core-shell microspheres

Danlin Qian, a Suting Zhong, a Suyun Wang, a Yaru Lai, a Nan Yang, a Wei Jiang a*

Fig. S1. XRD patterns of (a) before and (b) after the photocatalytic reaction of PONs (1/3).
Fig. S2. TG curves of as-prepared BiOI, Fe$_3$O$_4$, before and after photocatalytic reaction of PONs$_{1/3}$, respectively.
