

#EnvChem2022

Chemistry of the Whole Environment Research Meeting

A two-day meeting organised by the Environmental Chemistry Group of the Royal Society of Chemistry and the Society of Environmental Toxicology and Chemistry on the 14th and 15th July 2022 at the University of York (U.K.) with a hybrid component.

#EnvChem2022 provides a forum for early career and established researchers, working in environmental chemistry and ecotoxicology to share their latest research findings.

Themes:

- ***Environmental Processes in Soil, Water and Air***
- ***Emerging Contaminants***
- ***Novel techniques***
- ***Atmospheric Chemistry***
- ***Ecotoxicology***

Key dates

Abstract submission deadline
01/03/2022

Early bird registration deadline
15/04/2022

Standard registration deadline
13/06/2022

Registration fees (inc. conference dinner).

Non-member fees in brackets (“”).

Early bird: £165 (£200)

Early bird Student: £140 (£175)

Standard: £215 (£240)

Online only: £65 (£80)
