

RSC Organic Division Annual Regional Meeting in Ireland

**Chemistry Science Lecture Theatre,
School of Chemistry,
Trinity College Dublin,
At 2 pm, 1st of December 2011**

1.25-1.30 pm Welcome

Session 1: Chair: Eoin Scanlan (TCD)

1.30-2.20 pm Opening Lecture: Paul Murphy (NUI Galway)
“Synthesis of carbohydrates relevant to glycobiology”

2.20-2.45 pm Trinidad Velasco-Torrijos (NUI Maynooth)
“Aspartic acid glycoconjugates: novel low molecular weight organogelators”

2.45-3.10 pm William Goldring (QUB)
“Drug-like Scaffolds & Gene Delivery Vehicles Inspired by Natural Product Structures”

3.10-3.40 pm Coffee Break

Session 2: Chair: Stephen Connon (TCD)

3.40-4.05 pm Enda Bergin (TCD)
“New catalytic methods for the synthesis of bioactive compounds”

4.05-4.40 pm Paul Evans (UCD)
“Cyclic sulfonamides as traceless tethers”

Session 3: Chair: Julian Shaw (TCD)

4.40-5.35 pm Werner Society Invited Lecture: Darren Dixon (University of Oxford)
“Cooperative Catalysis and Cascades in Complex Alkaloid Natural Product Synthesis”

Session 4: Chair: Donal O’Shea (UCD)

5.35-6.30 pm RSC Regional Plenary Lecture: P. Andrew Evans (University of Liverpool)
“New Metal-Catalyzed Multi-Component Reactions: Applications to Total Synthesis”

6.30 pm Wine Reception
