Discussion

## QbD DISCUSSION GROUP

**Monday April 4th, 2011**

BioCity Nottingham, Pennyfoot Street  
Nottingham, NG1 1GP

### **The Future of Method Qualification – "QbD and lifecycle approach"**

Date: **Monday April 4th, 2011 (6:00pm to 8:00pm)**

HOW TO REGISTER: By email to [pauline@pmcgconsulting.com](mailto:pauline@pmcgconsulting.com)

**FREE**

**Evening Discussion Group :** It is free to attend this event but registration must be completed to gain access to BioCity. No unregistered attendees will be permitted as per BioCity security requirements.

**As the industry is moving towards applying Quality by Design (QbD) to process development - Is this also the way forward to revolutionise, improve and standardise our approach to method qualification? Is ICH Q2 adequate to meet our current lifecycle needs? These questions and more will be discussed.**

This discussion group activity provides the opportunity to get up to speed with the future trends of analytical method qualification. Already aware of what's going? We would love to have you attend and share your thoughts.

Be prepared to brainstorm and voice your opinions (all welcome).

The session will start with a short presentation followed by refreshments and then an open discussion.

If you are interested in presenting your thoughts in a 10 to 15 minute PowerPoint presentation, please identify this on your registration form.

If you have any questions regarding this or wish to register for this event, please do not hesitate to contact [pauline@pmcgconsulting.com](mailto:pauline@pmcgconsulting.com)
