

RSC International Symposium on Chemistry

Tentative Program, Thursday October 3, 14:30-16:30

14:30	Opening Ceremony
14:40	Plenary Opening Lecture Glaucius Oliva (IF-USP and CNPq, Brazil) Molecular Sciences without Borders
15:00	Q&A
15:05	Plenary Lecture I Rahul Banerjee (CSIR-National Chemical Laboratory, Pune, India) Crystal Engineering in Functionalized Porous Framework Materials for Storage, Sequestration and Proton Conduction
15:25	Q&A
15:30	Plenary Lecture II Susan Bourne (University of Cape Town, South Africa) Building Responsive Supramolecular Frameworks
15:50	Q&A
16:00	Flash Presentation I Javier Ellena (IFSC-USP, Brazil) Design and Characterization of New Solid Modification of Active Pharmaceutical Ingredients
16:10	Q&A
16:12	Flash Presentation II Fabio Doctorovich (UBA, Argentina) Some Highlights on the Structure and Chemistry of Iridium Complexes
16:22	Q&A
16:24	Closing Ceremony
