

REACH

Reality Check

REACH CLINIC CONSULTATION

6 November 2007

With the REACH (Registration, Evaluation, Authorisation and restriction of Chemicals) (EC) No 1907/2006 regulation now in force, manufacturers and importers of chemicals, preparations and articles have new responsibilities concerning the safety of chemicals.

ARE YOU READY?

- What are your technical and legal obligations under REACH?
- Confused about articles and preparations, polymers and intermediates and whether you are exempt from REACH?
- Having trouble interpreting the legislation and understanding its impact for your business?
- Are you concerned about sharing valuable technical or other information with competitors and third parties?
- Need help?

TAKE ADVANTAGE!

Join **TSGE** (European Scientific Regulatory Consultants) and **Dickinson Dees** (National Law Firm) for a one day REACH event.

This is your opportunity to seek free advice from industries leading technical and legal experts.

BIOGRAPHIES

Dr Louis Wyness is a **Consultant Director** with **TSGE** and has more than 20 years of experience involving the preparation of overviews and dossiers for the registration of agricultural and industrial chemicals, biocides and animal health products in the European Union and giving advice to clients on registration requirements. Louis specialises in environmental risk assessments and ecotoxicology and is a REACH implementation specialist.

Matthew Curl is a **Regulatory Scientist** with **TSGE** and has more than 30 years of experience in physical and product chemistry, residues chemistry and general analytical chemistry. Matt advises clients on registration requirements, data interpretation, dossier preparation and database work and is a specialist on REACH implementation issues.

Peter Snaith is a **Partner** and head of the Chemicals & Pharmaceuticals Group at **Dickinson Dees**. Peter previously worked as an in-house lawyer with ICI and Ineos. Peter advises businesses in relation to all manner of commercial and contractual arrangements and offers support and guidance to companies with respect to the agreements which they will require in conjunction with data sharing and consortia under REACH.

ABOUT TSGE

TSGE is a leading consulting business in the European regulatory industry. TSGE's scientific and registration specialists provide advice, support and training on all European regulatory issues including REACH. In 2006, TSGE Iberia S.L. was established in Barcelona.
