

The 3rd Liverpool-Romark Medicinal Chemistry Symposium, featuring the BMCS Lectureship

*Gossage Lecture Theatre, Department of Chemistry,
University of Liverpool, UK*

Friday April 12th, 2019

- 11.30 Arrival and registration
- 12.00 Lunch and first poster viewing
- 13.00 *Understanding of immune-mediated adverse drug reactions: role of drug
bioactivation and protein covalent binding*
Dr Xiaoli Meng, University of Liverpool
- 13.30 *Is it possible to beat the beta-lactams?*
Professor Chris Schofield, FRS University of Oxford
- 14.15 *Potent, selective and orally efficacious inhibitors of Plasmodium falciparum
Protein Kinase G (PfPKG)*
Dr Jon Large, Life Arc
- 14.45 Refreshments and poster viewing
- 15.30 The BMCS Lectureship: *Innovation: the translation of ideas into value*
Dr Andrew Thomas, Current BMCS Lecturer, Helvetica Capital
- 16.30 *Synthesis and evaluation of monocyte-targeting CCL2 conjugates*
Dr Sam Butterworth, University of Manchester
- 17.00 Close

Posters

This year we shall also host a poster session. Please send poster abstracts [to Dr Andrew Stachulski](#) by 15th March. We can accommodate up to 20 posters.

Registration

Registration is free, although registration is still required, using this [Eventbrite weblink](#).

Registration will remain open until 11th April. Please e-mail [Dr Andrew Stachulski](#) with any queries, or ring 0151 794 3482.
