

# Polymer Physics Group Graduate Symposium

**7-8 September 2023**  
*Online*

**Free for IOP members**  
**£15 for non-members**

Join us to hear world-class experts explain their fields in a way that is accessible to PhD students and postdoctoral researchers.

We are inviting 10-min contributed talks and posters related to

- Energy & Sustainability
- Health & Medicine
- Data driven & computational methods
- General topics in soft matter

**Deadline for submission:**  
**18 August 2023**

Professor Lorna Dougan, Leeds, will speak on the physics of living systems, exploring self-assembly

Dr Chris Holland, Sheffield, will lead an interactive discussion on the sustainability of biopolymers

Professor Paul Clegg, Edinburgh, will speak on the application of machine learning techniques to soft matter

Dr Bart Vorselaars, Lincoln, will speak on the opportunities for combining data-driven approaches with polymer physics

**Sign up today and join the physics community in tackling grand challenges!**
