

KATOWICE-CHORZOW, POLAND | 22-23.09.2025

XV edition

REACH 2025 conference

Chemical management & EU legislation & Safety Product

WWW.EKOTOXTRAINING.COM

The REACH Conference is an international event that has gathered together speakers and participants from various industry sectors, regulatory authorities, public administration, non-governmental organizations, academia and other stakeholders for over a decade.

Up until now, the event has taken place in Bratislava.

This year for the first time, we have the honor of organizing the meeting in Poland!

The REACH 2025 conference will focus on current and future aspects of **European chemicals legislation and related regulations.**
