

8th Green Chemistry & the Consumer Symposium

Food Waste Utilisation: Cashing in on Waste

18 October 2011
The King's Manor, York, UK

Organised by the Green Chemistry Network (GCN),
in conjunction with the Green Chemistry Centre of Excellence

With the kind support of Boots

The Green Chemistry and the Consumer annual symposia bring together a diverse audience of representatives from consumer product supply chains, academics, NGOs, government, trade associations, media and other stakeholders to learn about green chemistry solutions for sustainable product supply chains.

Programme of Activities

GC&C Symposium (18th October, 10:00—17.30)

The 8th symposium, 'Waste to Wealth: Food Waste Utilisation', will explore recent advances in the field, including new technologies for food waste valorisation. The programme for the day will consist of a blend of both presentations and breakout sessions. **Speakers include representatives from industry, government agencies and universities.**

The symposium will conclude with a wine reception providing a further networking opportunity.

The Venue

The King's Manor in York is a group of medieval buildings that are one of historic York's most attractive sites and served the Tudors and Stuarts as a seat of government.

Who should attend?

These events are open to all and are aimed at organisations and individuals with an interest in green chemistry and sustainable chemical products. The event will provide an invaluable opportunity for mutual learning and technology transfer.

This event will be of interest to:

- Food producers
- Food retailers
- Energy providers
- Waste managers and regulators
- Bio-based manufacturers
