A residential course to help make the teaching of chemistry relevant:

- **Aluminium extraction**
- **Environmental analysis laboratories**
- **Sodium carbonate and sodium hydrogen carbonate production**
- **Speciality chemicals**

Chester, 2 – 4 April 2008

Royal Society of Chemistry, Burlington House, Piccadilly, London W1J 0BA
Tel 020 7437 8656; Fax 020 7287 9825
Registered Charity No. 207890

NORTH WEST STUDY TOUR, CHESTER

The Study Tour provides an opportunity to observe industrial processes at first hand and provides:

- an understanding of the multi-national nature of the chemical industry with a focus on social, economic and career development
- an opportunity to visit chemical companies and to consider how the learning from the visits can be used to enhance the teaching of chemistry
- workshops and informal opportunities to discuss and share ideas with other teachers of chemistry.

Residential Base

Accommodation is in single rooms in a Chester hotel. Delegates are responsible for travel costs to and from the start point of the tour.

Fees

RSC member: £100.00 + £17.50 VAT = £117.50

Non-member: £200.00 + £35.00 VAT = £235.00

inclusive of single accommodation in the hotel, all meals and transport during the tour.

Comments from previous tour participants

“I am looking forward to returning to school to share the experience with my colleagues and pupils - this has been a memorable course.”

“Every part of the tour was high quality, we were well treated in every respect.”

“The visit to Brunner Mond was excellent. The presentation on the uses of bicarbonate was particularly interesting”.
