

A two-day *National Conference on Recent Advances in Chemical Sciences* has been scheduled to be held at Department of Chemistry, Maharishi Markandeshwar University, Mullana, Haryana on **11-12 November 2016**. On behalf of Maharishi Markandeshwar University, we feel great pleasure in inviting you to participate and contribute to valuable discussion with eminent scientists and academicians of the country from different areas of chemistry during various technical sessions. The conference will provide an excellent opportunity to the researchers for sharing wide discussions, critical debates in different area chemical sciences and interdisciplinary research. The theme is **“Chemistry as the Central Science and its Implementation in Future Research Fields”**

ABOUT MAHARISHI MARKANDESHWAR UNIVERSITY, MULLANA, AMBALA

Maharishi Markandeshwar University (MMU) is a leading University in North India and has become a symbol of quality education in technical, medical and other professional streams. **MMU has been accredited by NAAC as Grade "A" university.** Since its inception, the University is committed to excel in research, innovation and skill development. Our Industry oriented education system helps us to make our students leaders in the professional world.

The University is offering plethora of courses through its various teaching institutions spreading over three different Campuses at Mullana, Sadopur and Solan. The constituent institutions of the University are MM Engineering College; MM Institute of Computer Technology & Business Management (MCA); MM College of Dental Sciences & Research; MM Institute of Physiotherapy & Rehabilitation; MM Institute of Computer Technology & Business Management (Hotel Management); MM Institute of Medical Sciences & Research; MM Institute of Management; MM College of Nursing; MM College of Pharmacy; and MM Institute of Nursing, Mullana, Ambala. These institutes are also approved by the regulatory bodies like Medical Council of India, Dental Council of India, Indian Nursing Council, Indian Association of Physiotherapists, All India Council for Technical Education, DSIR etc.

ABOUT THE DEPARTMENT

The Department of Chemistry is a premier department of the university. It was initially established in 1995 as one of the Department under Applied Sciences. It started working as an independent University Department in 2008. The Department offers Post Graduate (M. Sc. in Chemistry) and PhD programs. The Department also caters to first year Engineering and Diploma-B.Tech. Integrated students, Biotechnology Department for chemistry courses. The Department has 22 members team of dedicated and competent faculty with aim to impart quality education among science students.

AIM AND SCOPE

NCRACS 2016 likes to promote the interaction of researchers and the sharing of ideas, experience and expertise in chemistry related fields. The event also provides opportunities to discuss recent and new findings during two days of programming including keynote lectures, poster sessions and oral sessions. The speakers from various industries and universities will be discussing their research and how they have used chemistry as a tool in various disciplines and research problems. Students and researchers will get exposure and insight of interdisciplinary research. This interdisciplinary research oriented conferences are very important for recent graduates and academicians.

CALL FOR PAPERS

Extended abstract of Technical Papers for NCRACS-2016 are Solicited in the following areas. The Abstract should be one pages and to be mailed to ncracs@mmumullana.org. The selected Papers would be published in the conference proceedings. Authors are requested to submit a one page abstract of their contributions. The title of paper should be followed by author(s) name, affiliation, e-mail address, abstract, supporting figures and tables etc. The template in MS word format can be downloaded from website or by sending a email to ncracs2016@gmail.com

TOPICS BEING COVERED

Organic Chemistry, Inorganic Chemistry, Physical Chemistry, Environmental Sciences, Analytical Chemistry, Nanosciences and technology, Food chemistry, Green Chemistry, Chemical Biology, Pharmaceutical Chemistry, Medicinal Chemistry, Drug Discovery and Drug design, Material Sciences, Nuclear Chemistry, Biochemistry, High energy Materials, Natural Products/Pharmacognosy, pharmacology, Dentomachanics, Fuel cells, Geochemistry, and Allied Sciences

REGISTRATION DETAILS

All the researchers interested to participate in the conference should register themselves by filling up the registration form enclosed herewith and also available on website. The duly completed registration form along with registration fee should be sent to: Dr. Kuldeep Singh, MRSC; Convener, NCRACS – 2016; #329, MMEC Block – 1, Chemistry Department, M. M. University Mullana – 133207 E-mail: NCRACS@mmumullana.org

YOUNG SCIENTIST AWARD:

Research Fellows below 35 years of age may send their abstract & full length paper in advance for oral presentation under this category. **Best Poster Award:** To be considered for award, please add *“National Conference on Recent Advances in Chemical Sciences (NCRACS-2016) 11-12 November 2016, M. M. University Mullana”* before your title of poster. Template may be downloaded from website or by email.
