4<sup>th</sup> RSC / DMDG / DMG  
New Perspectives in DMPK

Monday-Tuesday, 21<sup>st</sup>-22<sup>nd</sup> May 2018

Royal Society of Chemistry at Burlington House, London, UK

DMG

ROYAL SOCIETY  
OF CHEMISTRY

BIOLOGICAL AND  
MEDICINAL  
CHEMISTRY  
SECTOR

Organised by: RSC Biological and Medicinal Chemistry Sector, DMDG and DMG

## Synopsis

This meeting will provide a forum for the exchange of ideas between principal members of the DMPK research community. Keynote talks from thought leaders in industry and academia will provide global perspectives on how DMPK can bring value to the process on informing drug discovery and development. A range of 'hot topics' will be discussed, with a key theme being the central importance of understanding and harnessing underpinning chemical concepts. The emphasis will be on building dialogue between participants, who will range from experienced project/laboratory leaders to early-career researchers. There will be a balanced mix of oral and poster presentations, interactive Q&A sessions and networking opportunities throughout.

## Who should attend?

Medicinal chemists, drug discovery scientists, pharmacologists, toxicologists, DMPK scientists – from academia, industry, and third sector institutions.

## Confirmed Speakers

Daniel Antoine, University of Edinburgh, UK

## Call for Papers

The call for papers is now open, and abstracts are invited for both short talks and posters. The closing dates are:

- 15th February oral (extended)
- 23rd April poster

A template should be downloaded from the website below.

## Registration, Students, and Bursaries

Registration is open and discounted rates are offered to members of the RSC and the DMDG. Please view the links on website to join either of these bodies. Some student bursaries are also available, as well as an optional conference dinner (additional charge) for all on 21st May.

## Sponsorship and Exhibition Opportunities

Sponsorship and exhibition opportunities are available for this meeting. Please contact the secretariat for further details. Exhibition stand spaces are charged at £750 and include one full delegate. There are also opportunities to sponsor delegate pack inserts and conference social events.

## Venue

Royal Society of Chemistry at Burlington House, Piccadilly, London, W1J 0BA, UK. The venue is located in central London, and is easily accessible by tube.

## Organising Committee

Toby Athersuch, Imperial College London and the DMG  
Mark Seymour, Covance and the DMDG  
Andrew Stachulski, University of Liverpool and RSC-BMCS  
Ian Wilson, Imperial College London and the DMG

## Secretariat Contact

Mrs Maggi Churchouse, 3 East Barn,  
Market Weston Road, Theltham,
