Invitation

OMICS Group welcomes you to attend the **2nd International Conference on Hematology & Blood Disorders** during Sep 29-Oct 01, 2014 at Baltimore, USA.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Hematology & Blood Disorders.

Hematology-2014 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS Group Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

*The main theme of the conference is “**On the Path of Identifying Novel Therapeutics for Blood Disorders**”.*

Regards,

Hematology-2014 Operating Committee

About Us

OMICS Group Journals

- 300 Open Access Journals
- 21 Day rapid review process
- 22000 Editorial team, 27000 Reviewers team
- 2.5 Million readers and high visibility
- More than 100000  fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS Group Conferences

- 80 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective OMICS Group Journals

Each abstract will be provided with digital Object Identifier by 

The field of Hematology & Blood Disorders is growing rapidly and its development is making tremendous impacts in medical diagnostics and drug development. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Hematology-2014

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS Group Journals,
 - Journal of Blood Disorders & Transfusion
 - Journal of Hematology & Thromboembolic Diseases
 - Journal of Blood & Lymph
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging ideas
- Share your excitement in promoting Healthcare, Clinical R & D
- Conference brings together Scientific Researchers, Business Entrepreneurs and Pharma, Biotech & Healthcare, Industry Developers

About Baltimore

Baltimore is the largest city in the U.S. state of Maryland and the 24th largest city in the country. It is located in the central area of the state along the tidal portion of the Patapsco River, an arm of the Chesapeake Bay. The independent city is often referred to as Baltimore City to distinguish it from surrounding Baltimore County. Founded in 1729, Baltimore is the second largest seaport in the Mid-Atlantic United States and is situated closer to Midwestern markets than any other major seaport on the East Coast. Baltimore's Inner Harbor was once the second leading port of entry for immigrants to the United States and a major manufacturing center. After a decline in manufacturing, Baltimore shifted to a service-oriented economy, with the Johns Hopkins Hospital and Johns Hopkins University serving as the city's top two employers. Baltimore is also a principal city in the larger Baltimore–Washington metropolitan area of approximately 8.4 million residents.

With hundreds of identified districts, Baltimore has been dubbed “a city of neighborhoods,” and is nicknamed Charm City. The talents of writers Edgar Allan Poe and H.L. Mencken, musician James “Eubie” Blake, and singer Billie Holiday, as well as the city's role in the War of 1812 and Francis Scott Key's writing of “The Star-Spangled Banner” have all influenced the city's historical importance. Baltimore exhibits examples from each period of architecture over more than two centuries, and work from many famous architects such as Benjamin Latrobe, George A. Frederick, John Russell Pope, Mies van der Rohe and I. M. Pei. The Baltimore Area is known for health and science, which is in part attributed to the prestigious Johns Hopkins University school system, the University of Maryland-Baltimore, and other smaller schools such as University of Baltimore, University of Maryland-Baltimore County, Loyola University and University of Notre Dame.

Conference Details

Venue

DoubleTree by Hilton Baltimore-BWI Airport
890 Elkridge Landing Road
Linthicum, Maryland, 21090, USA
Tel: +1-410-859-8400
Fax: +1-410-684-6778

Important Dates

Abstract submission opens: October 01, 2013
Registration opens: October 15, 2013
Early bird registration: February 24, 2014
On spot registration: September 29, 2014
